What are the benefits of trading CFDs?

TRADING · https://en.wbtrade.eu/knowledge-base/trading/what-are-the-benefits-of-trading-cfds/

One of the biggest advantages of trading CFDs is that traders may speculate on price movements without the need to physically own the underlying assets. Additionally, trading is done with the use of leverage. Leverage however magnifies both profits and losses equally. However, trading in CFDs involves more risk. CFDs are complex instruments and could have a high risk of losing money rapidly due to leverage.
